Thanks! Signetics is not a listed NPL site, so I assume why no 5YR section. Can you send me an updated PDF with the 5YR recommendations? It will help my with finalizing my site management plan. Thanks!

Michael:

I was able to transfer all of the requested issues per your instructions expect for the below two –
o from Advanced Micro Devices to Signetics, page 2, issue 3 (see attached)
o from TRW Microwave to Signetics, page 5 issue 3 (see attached)

The Signetics site does not have a 5YR issue and recommendation format/structure set up in SEMS. In other words, there's nothing I can transfer to. Instead, I have entered bracketed comments that these two issues/recommendations are Signetics issues/recommendations.
